

## NORTH AT HEART a stronger Alberta, through a stronger north

The Northern Alberta Development Council (NADC) provides return service bursaries to students training for jobs that are in demand in northern Alberta. Some careers in high demand now include education, medical and health, apprenticeship trades, engineering and technical fields and social work. Bursaries for pre-apprenticeship, certificate and diploma studies are \$6,000, with \$10,000 for students in a degree, masters or PhD program.

### You may be eligible for an FNMI Bursary if you:

- Are 18 years of age or older
- have been a resident of Alberta for 12 consecutive months before the start of your program
- are enrolled full-time in a post-secondary school and program that is designated for provincial funding
- are in a program that is at least 12 weeks in length
- are not in default of a provincial student loan

Note: Apprenticeship programs are not eligible, but pre-apprenticeship programs will be considered

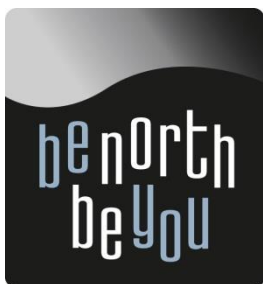

### You increase your chance of success if you:

- complete the application fully and answer the questions clearly and concisely
- are training for an occupation with high employment potential in northern Alberta or are training to enter the workforce
- demonstrate an interest in northern Alberta and knowledge of northern employment opportunities
- have an acceptable academic record

### The return service commitment:

Students who receive a bursary agree to live and work in a field related to their training in northern Alberta following completion of their program. Students commit to the north for one full-time year (or equivalent) for each year of full bursary support. Recipients who do not meet this requirement must repay the bursary.

**To apply** complete this application form and return it to the NADC at the address provided. Applications are accepted and reviewed throughout the year. Applicants will be advised of their status after the committee has reviewed their application.
